

## Pacific Northwest Native Plants for Erosion Control

 Sun	 Part Sun/Shade	 Shade
<b>Conifers</b>		
Douglas Fir 225'	 Western Red Cedar 180'	 Western Yew 25'
Shore Pine 60'	 Sitka Spruce 200'	
<b>Broadleaved Trees</b>		
 Black Cottonwood* 125'	 Bigleaf Maple 45'	
 Betula papyrifera* 75'	 Bitter Cherry 30'	
 Red Alder* 70'	 Pacific Crabapple 25'	
 Pacific Madrone 50'	 Black Hawthorn 25'	
 Quaking Aspen 50'	 Vine Maple 20'	
 Willows (LS) 12-40'		
 Cascara 25'		
Douglas Maple 25'		
 Sitka Alder 15'		
(*fast-growing species that may break or fall in wind or ice storms, especially older trees.)		
<b>Shrubs</b>		
 Pacific Wax Myrtle 20'	 Pacific Rhododendron 20'	 Red Elderberry 15'
 Smooth Sumac 15'	 Chokecherry 18'	 Indian Plum 12'
 Pacific Ninebark 12'	 Red-twig Dogwood (LS) 15'	 Baldhip Rose 4'
Serviceberry 12'	 Western Hazelnut 15'	
Mountain Ashes 10'	 Blue Elderberry 12'	
 Cranberrybush 10'	 Salmonberry 10'	
Oceanspray 10'	 Pacific Mock Orange 8'	
 Western Azalea 10'	 Twinberry 7'	
Nootka Rose 8'	 Thimbleberry 6'	
Pea-fruit Rose 8'	 Wild Gooseberry 5'	
Oregon Grape 8'	Evergreen Huckleberry 4'	
Snowberry 6'	Salal 4'	
 Douglas Spiraea 6'		
 Red flowering Currant 6'		
 Creeping Oregon Grape 3'		
<b>Groundcovers &amp; Perennials</b>		
Fireweed 6'	Goatsbeard 5'	 Lady Fern 5'
Canada Goldenrod 5'	 Sword Fern 3'	 Deer Fern 2'
Dunegrass 4'	 Pacific Bleeding Heart 18"	 Cooley's Hedgenettle 4'
 Large-leaved Lupine 4'	 Silverweed 12"	 Solomon's Seal 3'
 Small-fruited Bulrush 3'	Lingonberry 12"	 Low Oregon Grape 24"
Douglas Aster 3'	Wild Strawberry 6"	 Piggyback Plant 24"
Tufted Hairgrass 3'		Trailing Blackberry 20"
Yarrow 3'		Vancouveria 12"
 Deltoid Balsamroot 30"		Oak Fern 12"
 Roemer's Fescue 24"		Wood Strawberry 6"
Hairy Honeysuckle 24"		 Redwood Sorrel 5"
Armeria maritima 12"		 False Lily-of-the-Valley 4"
 Western Buttercup 10"		 Wild Ginger 4"
 Kinnikinnick 8"		 Bunchberry 4"
Coastal Strawberry 6"		
<b>Moisture Key:</b>	 Best in wetter soils	 Withstands variable conditions
	 Best in moist, well-drained soils	 Best in drier soils
(LS)-may be planted as live stakes
