Interviewer Directions:

1) Please reach out to a partners and program participant (landowners, school members, etc) with the following ask:

Hello!

As part of WMSWCD’s Strategic Plan Update, we are seeking your candid feedback to better understand what we do well, where we can improve, and what programs or areas of work we should prioritize over the next five years so that we can best serve you and your community. I am hoping to interview you (or to attend a meeting with your organization) to gather this feedback. If we elect to move forward on an interview, I welcome you to invite additional colleagues and/or community members that may also wish to participate. We anticipate the interviews to last ~1 hour and can shorten this timeframe if we are trying to fit within an existing meeting agenda (and would provide any participants ways to follow-up and provide additional feedback online if desired).

If you wish to provide any feedback on this anonymously, please use the comment form on our website: https://wmswcd.org/people-places-things/the-west-multnomah-swcd/long-range-business-plan/

If you are interested and available, please let me know of a few dates/times that might work for you for either an in-person or over-the-phone interview between 11/11/19 and 1/31/19. We greatly appreciate you considering this request and look forward to your response!

2) If they agree, please send the interview questions and CONSENT FORM ahead of time with a note that they aren’t required to review these before your interview, but are provided should the interviewee want to understand what will be asked ahead of time and how their information will be used.
   • If they refuse the interview please denote this and send me an email confirming this (if you told me you’d planned on an interview.

3) If you are planning to use the recorder, please let me know so I can schedule it and arrange a pickup and drop-off that will work.

4) For the actual interview, please print and bring a copy of the interview questions, interviewee questions, consent form and a communications form (all attached). Please hand interviewees the questions and read through the CONSENT FORM before starting the interview. If the interview elects to be recorded, start the interview with an ask of the partner’s name and partner organization they are representing. For landowners, please ask them to state their name and then list district programs they’ve worked with.

5) For any recorded interviews, please let me know the date of the recorded interview and I can download this for you and send you an MP3 file.

6) For any transcribed interviews, please send me an electronic version no later than 1/31/19.
   • In reviewing transcription software for phones via available apps and partners (such as Eric) we’ve not found a FREE APP that’s capable of recording and transcribing hour length interview (most were around $1/minute), so we are suggesting hand transcribing these interviews (unless someone finds a viable tool for this that’s more reasonable or free).
• Please don’t worry about getting things down verbatim as we can always go back to the recording if we are really stumped on someone’s notes, but please do try to convey context and meaning around any points given during your interviews and/or focus groups erring on the side of more detail than less.
• If you have enough time, after transcribing, to highlight (with yellow highlighter) key concepts and messages in your notes that’d be great, but no worries if you are unable to do this.

7) For any hand completed communications questionnaire, please send both Renee & I a copy via email, drop off the hard copy or send via snail mail.
