

**WMSWCD Board of Directors Meeting  
March 16, 2021  
Appointment of Budget Committee Citizen Member**

---

**Requested Board Action:**

**Motion to appoint Genevieve Fu to serve as a new citizen member of the Budget Committee for a three-year term beginning in April 2021.**

An additional position has opened up on the budget committee due to Finlay Anderson's term expiring and his rolling off of the committee. Our recruitment for new members included an application received from Genevieve Fu, who will bring diverse skills and relevant experience to the Budget Committee.

She has stated that she has a strong interest in the District's conservation work and the planning and budget process that supports this work. She is an architect and outdoor enthusiast and has shown a commitment to environmental stewardship by co-founding a local Baden-Powell Service Association scouting group that helps get children and adults outdoors and organizes volunteer events to care for and maintain Portland area city streets, parks, and nature areas. She is also a committed volunteer in a state-wide organization. Her background and life experiences will bring a unique perspective to the Budget Committee.
